¿QUÉ ES UN DECANT?

Un decant es una porción de una fragancia original transferida a un atomizador más pequeño. Te permite probarla en tu piel, conocer su evolución y llevar tus perfumes favoritos contigo sin comprar de inmediato la botella completa.

2 ML	≈ 25 pulverizaciones	DESCUBRIR
3 ML	≈ 45 pulverizaciones	PROBAR
5 ML	≈ 90 pulverizaciones	LLEVAR
10 ML	≈ 190 pulverizaciones	DISFRUTAR

Rendimiento aproximado; puede variar según el atomizador y la forma de aplicación.

Prueba antes de comprar · Ideal para viajar · Lleva tus favoritos · Descubre más fragancias
